

Spring Creek Baptist Church Health and Wellness Policy

Spring Creek Baptist Church makes every possible effort to protect the health and safety of members and guests. We follow the guidance from the Centers for Disease Control and the Virginia Department of Health to develop health and safety protocols. However, The Creek reserves the right to develop protocols that may differ from and be more stringent than the recommended guidelines. We strive to make reasonable efforts to minimize risk, and to promote good practices of health and hygiene within the congregation during all church activities. We are committed to preventing the spread of disease and have measures in place to prevent the spread of infection our facilities.

These preventative measures include:

- Masks for those who do not have one.
- Hand sanitizer stations and tissues throughout the facilities.
- Surfaces are wiped down after use.
- Socially-distanced pod-style seating.

Requirements for In-Person Church Worship

- If you are ill, please do not attend in-person gatherings until you know you are not contagious by order of a doctor or until at least 24 hours after your symptoms disappear.
- If you have tested positive for COVID-19, or been exposed to someone who tested positive for COVID-19, follow the [CDC Guidelines](#) before returning to any in-person gathering.
- Keep your hands clean and respect the physical distance of others.
- High contact surfaces should be sanitized shortly after each event.
- All in-person gatherings may be postponed or cancelled at any time, and the campus or areas of the campus may be closed at any time, per the discretion of the Spring Creek Baptist Church leadership.
- All church leaders, members, and guests are required to wear masks or face coverings over the nose and mouth at all times.

Health Screening Checklist

Do you feel sick or do you have any of the following symptoms? If so, please stay home or join us for the livestream service on Facebook or Youtube.

- Fever over 99 degrees (must be fever free for 24 hours without medication)
- Body/muscle aches
- Runny or stuffy nose
- Sore throat
- Nausea, vomiting or diarrhea (must be free of symptoms for 24 hours)
- Dry Cough
- Headache
- Extreme tiredness
- New onset loss of taste or smell
- Difficulty breathing

Note to Parents

- Please do not bring a sick child to church.
- Your child should be symptom and/or fever-free for at least 24 hours without medication before returning to church unless cleared by an independent licensed medical professional.
